## The E-Safety Heroes

Code:

\_\_\_\_\_

1. \_\_\_\_\_

2. \_\_\_\_\_

3. \_\_\_\_\_

1. Never share personal details online. How many letters does online have?

2. Do not click on random links as many of them could be a scam. If every time you click a link it counts as one virus, how many viruses would Tommy have if he presses a link six times? (Only digit needed in answer box)

3. To stay safe on the internet check the lock!

At the top left of your screen, if there's a lock then the website is secure; if it's a caution sign, then that means it's not secure. If the caution sign = 3 and the lock sign=2 what is caution sign+lock+lock?

Hi! I'm Super digital man. My sidekick got stuck in a scary room! Help me get the code for the door in the puzzle!
